Hot off the Griddle

THIRTY-ONE MEN IMPRISONED in the Italian submarine F-14 sunk in the Adriatic, were dead by asphyxiation when the craft was brought to the surface and the hatches opened. The disaster is close kin to the tragedy of the S-4 last of three years ago. The sea and the air are jealous of their provinces. Man is slowly beginning to assume his control over the two elements. Calamity howlers would have us abandon submarines. A futile instrument they call it, despite the lessons of the recent war. Let's not abandon the submarine. Let's improve it.

IMMIGRATION AUTHORITIES have slashed the red tape for Capt. Frank Courtney, British aviator, and his three companions on the recent disastrous airplane flight. Their admission to the country by courtesy without immigration examination was ordered by Commissioner of Immigration Day in advance of their arrival. No one will find fault with the commissioner's generous ruling. There are too many restrictions as it is. Certainly, we can afford to overlook nicety regulations in a case like this. One doesn't stop to ask a drowning man for his passport before effecting a rescue. It isn't cricket.

A BOARD OF AMERICAN Naval lighter-than-air craft experts convene in Washington to consider bids for two dirigibles to be used as experimental war cruisers of the air. This is progress. War is objectionable, but until there are no more wars, preparedness must be the aim of every nation. It is the best antidote to war. Battles of the future will be fought chiefly in the air. The man with the strongest arms and biggest club doesn't, as a rule, have to use them.

War On Rats To Be Launched By Local Scouts

First gathering of Boy Scout Troop 3 meet in the Scout's hall with 100 percent attendance last night. Wm. T. Shock and two scouts from Troop 8 addressed the boys on the destruction caused by rats and interested the troop to join Troop 8 in a cooperative campaign directed against rats. The work will begin shortly.

Speakers at the meeting were George Perle and Sam Anthes who gave accounts of their experiences at Camp Diablo. J. Cox of Troop 8 related his vacation experiments in trap lines and in camping. Bob Charlie of Troop 3 obtained a transfer to an Oakland group. His family is moving away soon.

Youth Disappears From Rumble Seat

Mr. and Mrs. Loucke, 508 Bissell avenue, reported to police that their 16-year-old son, riding in the rumble seat of their car when they left Oakland following a show, was absent when the car drew into the garage of their home here.

Police called all hospitals in an effort to solve the mystery of the lad's disappearance. A short while later they were informed the lad had returned to his home.

Details of his disappearance were lacking.

BUILDING PERMITS

Permits issued yesterday by Building Inspector A. J. Hurley were as follows:
David Rossi, build addition to dwelling in Chanalar avenue, between Sixteenth and Seventeenth streets, at cost of \$200; Mrs. C. Giovannetti, install concrete foundation and reshingle roof of dwelling in Pacific between Marine and Clarence avenues at cost of \$100, contractor, R. Giovannetti.

AMUNDSEN MESSAGE PICKED UP AT SEA

OCCUPANTS OF CAR BELIEVED TO BE INJURED

Mystery surrounds a Chrysler sedan which became ignited last night on the highway at the foot of tank farm hill.

The fact that the car apparently overturned in the center of the road and caught fire gave rise to the belief that one or more persons had been injured in the accident and had been taken somewhere by passing motorists for emergency treatment.

A close checkup on all hospitals in this section last night failed to disclose victims of the accident.

The fire was brought to the attention of the San Pablo fire department by a motorist. Firemen quenched the blaze after the interior of the machine had been destroyed. The registration card had been destroyed by the flames. The license number on the car was 1-870-194.

A tow car from the Mount Diablo garage here was sent out to the scene of the accident to bring the car into San Pablo, where it will be taken in charge by Constable Molozzo who is working on the case.

DAVIS WORKS IN UP-COUNTY

Louis E. Davis of El Cerrito, popular candidate for State Senator, is spending several days in the northern and eastern sections of the county. Last night he was in Pittsburg, and today he will be in Crockett.

Davis, a fast campaigner, ready with a smile and unfailingly genial, makes friends rapidly. His youthful face and snappy walk belie his 34 years. But he has a natural aptitude for meeting the public and gets along with men and women of all ages and all tastes and types.

When he made the race for tax assessor six years ago, he had just passed his 27 birthday. He ran against George Meese, admittedly one of the most popular men in the court house at Martinez. But he made a splendid race.

STRONG IN HOME TOWN
In El Cerrito, where Davis has lived nearly all his life, he polled a large vote, carrying that city by a handsome majority. His friends there now predict that he will have a landslide in his home town.

Davis expects to be in Richmond on Saturday.

Butcher Boy To Involve Husband In Murder Trial

LOS ANGELES, Aug. 15.—(U.P.)—The defense of Leo P. Kelley, accused of the murder of Mrs. Myrtle Mellus, his sweetheart, will attempt to create a reasonable doubt of his guilt in the minds of the jury by hinting that her husband, Frank Mellus, had opportunity to commit the crime, it was indicated in court today.

"Assuming that Mellus did get home one half an hour before the murder was committed, how long does it take to murder a woman," Hahn said.

Baby Snatched From Near Death

PITTSBURG, Cal., Aug. 15.—(U.P.)—Two unidentified men grabbed an eight months old baby of Mrs. Howard Baker from a buggy which had become wedged in the tracks directly in the path of an approaching train here today. The rescue was made an instant before a freight engine demolished the buggy.

"Carquinez Bridge Grab Indefensible"

Senate Bill No. 846, which was Senator Will R. Sharkey's particular pet measure of 1927, attracted wide notice for its brazen effrontery and its apparent viciousness.

While the measure was brewing in its shameless and sinful course through the Senate, and just eight days before it was jammed through on the very day of adjournment, the San Francisco Examiner, on April 21, 1927, under the heading, "Carquinez Bridge Grab Indefensible," published the following editorial.

"This editorial shows what the people outside the district; people who had no axes to grind and who were free from any baleful influence, thought of the now notorious Senate Bill No. 846.

"The apparently receptive attitude of assemblymen at Sacramento to the special legislation doubling the franchise life of the Carquinez Straits Bridge, cannot remove the widespread impression that it is a thoroughly bad measure and deserves defeat.

"Private toll bridges on important California highways ought to become things of the past as soon as humanly possible. They are out of date as private toll roads. If it were fair and possible, their franchises should be SHORTENED, not lengthened.

"Think what a holler of protest would go up if the state were asked to pass a law enabling Boards of Supervisors to SHORTEN the franchise period of existing private bridges. What charges of 'bad faith,' 'breach of contract,' 'double crossing,' and so on would resound.

"Well, the situation is exactly the same when a toll bridge corporation, once having agreed to build its bridge on a 25-year basis, and having actually BUILT it on that basis, goes to the legislature seeking a means of altering ITS franchise agreements. It is simply trying to run out on its contract with the public, and its motive is, obviously to reap twenty or thirty more millions of dollars in the added tolls which the public must pay all during the additional twenty-five years.

"This is one measure that should never become a law. That the senate has actually passed it, and the Assembly committee recommended it favorably, is an exhibit sufficiently amazing as it stands."

The same newspaper, in another editorial on April 13, 1927, said:

"Of course the proposed extension of the franchise would mean untold millions for somebody."

Senator Sharkey, what was the underlying motive for your intense interest in the passage of this bill?

The Examiner says it becoming a law would have meant "UNTOLD MILLIONS FOR SOMEBODY."

You were always present at roll call when this iniquitous bill, that would have taken from twenty-five to fifty million dollars out of the pockets of the taxpayers of this county, came up for consideration.

But where were you the 631 times you were absent when the roll was called?

The women of this district want to know.

Lives Lost In Mexican Storm

SAN PEDRO, Aug. 15.—(U.P.)—Stories of a terrific storm that lashed the Pacific off the West Coast of Mexico August 8, were received here today, confirming previous reports of loss of life.

An indefinite number of men were swept overboard by the waves, according to word from various craft.

"Some men" and part of the lumber cargo of the Mystic line freighter William A. McKenney were washed overboard, according to word brought to port by the Standard Oil tanker El Segundo.

Traffic Cop Foils Police, Abducts Bride

Stealing a march on fellow members of the police department who planned to "abduct" his bride the day before the wedding, Lon Bradeson, city traffic officer, last night did a bit of "abducting" on his own account and is today bound for Utah to spend a honeymoon of two weeks with his bride, the former May Arno, employee of the Marathon Candy shop and daughter of Mr. and Mrs. James F. Arno of Stege.

First unconfirmed reports that the wedding had taken place caused much consternation among the members of the police department who were denied the pleasure of leaving Bradeson without a bride.

Finally it was announced that the wedding ceremony was performed by a minister of the Latter Day Saints church, this city.

Working quietly for three days to throw police off the track, Miss Arno had packed her bags three days ago and this noon Bradeson checked out of his hotel here.

The wedding was originally to have been held this week end.

Formation Of Hoover Club Is Postponed

The organization of a Hoover-Form club, scheduled for last night in Memorial hall, was postponed owing to conflicting dates and announcement of the date for the meeting will be made tomorrow.

Fate Of Scout Camp In Doubt

MARTINEZ, Aug. 15.—An executive board meeting of the Contra Costa County Council by Boy Scouts will be held on August 22 in the court room of Department No. 2 at 7:45 p. m. At 6 o'clock the same evening, the camp committee of the council will hold a dinner meeting at the Travelers' hotel and the question of whether the Mt. Diablo camp will be retained or another purchased or secured, will be taken into consideration. A report as to a decision will be given before the board meeting in the court room.

Fight Over Goat Jails Local Man

Charged with disturbing the peace following an altercation over the possession of a goat, James Psaguris of 825 South Fifty-fifth street was arrested yesterday and will appear before Justice of the Peace Arthur A. Alstrom this morning. He was released on \$100 bail.

The complaint was sworn to by Louis Barbes of Calistoga, who claims to have brought the goat to Richmond Tuesday and placed it in the shed of a friend on Waller avenue. The goat had disappeared yesterday morning and was found on Psaguris' property.

Let the Waves Roll On

ANTI-WAR PACT LAUDED BY CAL S. F. Man Will Head Legions For New Year

By ROBERT MOOREFIELD
U. P. Special Correspondent

WAUSAU, Wis., Aug. 15.—(U.P.)—President Coolidge told the Wisconsin state convention of the American Legion here today that the Kellogg anti-war treaty, about to be signed in Paris, is the greatest step toward international peace in the ten years since the World War.

"This agreement proposes a revolutionary policy among nations," he said. "It holds a greater hope for peaceful relations than was ever given before to the world. If those who are involved in it, having started it will finish it, its provision will prove one of the greatest blessings ever bestowed upon humanity. It is fitting consummation of the first decade of peace."

The President expressed the hope that enough nations might sign the war outlawry proposal to make a repetition of the world war impossible.

He said: "We have secured the consent of 14 nations to the negotiation of a treaty (the Kellogg pact) condemning recourse to war, renouncing it as an instrument of national policy, and pledging each other to seek no solution of their disagreements except by pacific means. It is hoped other nations will join this movement. Had an agreement of this kind existed in 1914 there is every reason to believe it would have saved the situation and delivered the world from all the misery which was inflicted by the great war."

The position of delegate to the national committee went to Phil Dodson, South Pasadena. The retiring state commander, Billie Shanks, Hollywood, was elected vice commander at large. Fred B. Trotter, Ventura, won the post of chaplain, and Rufus Whaley, Oakland, was elected sergeant at arms.

Disagreement in the resolutions committee prevented the delegates from designating their opinion on the move to abolish professional prizefighting in California. The committee failed to report the question to the floor of the convention and it was not mentioned in the opening meeting.

Girl, 15, Admits Killing N. Y. Man

NEW YORK, Aug. 15.—(U.P.)—White police were attempting to unravel slender clues to two murder cases, a 15-year-old Italian girl, followed by her mother carrying an infant, and her small brother and sister, walked into police station today and said she had shot Saveria Pantellina, 59, a fruit peddler.

According to the story she told police, Pantellina had "betrayed" Mary and according to the Sicilian code she had been told she must kill him.

Screaming accusations in Italian the girl said she pointed the gun and pulled the trigger.

RELATIVES MEET AFTER 24 YEARS

Mr. and Mrs. Jess Bowser, 940 Ventura avenue, are entertaining their nephew, Paul Shearer, who is here on a trip from his home in Worthington, Pennsylvania. The Bowers had not seen their nephew for twenty-four years.

POSITION OF EXPLORER IS TOLD IN NOTE

LONDON, Aug. 15.—(U.P.)—Dispatches to the Daily Mail from The Hague said tonight the Norwegian minister at Amsterdam announced an apparently genuine message from Roald Amundsen, noted explorer who was lost while participating in the expedition seeking the crew of the wrecked Italia, had been found in a bottle near Rotterdam.

The message, which was compared with Amundsen's handwriting and was said to be authentic gave the position of the explorer and his party on July 1.

Rottumeroog is in the Netherlands islands in the north sea. Amundsen and four companions have been missing since they started in a French seaplane to search for the Italia party.

HOOVER CALLS FARM CONFAB

PALO ALTO, Aug. 15.—(U.P.)—Farm tenants, editors and field hands of the middle west are being invited to sit down with Herbert Hoover at a three day series of round table discussions in Iowa next week to talk about the Hoover plan of farm relief.

The Republican presidential nominee has authorized his campaign managers to summon every interested party who will come to thresh out with him the details of the three fold agricultural relief program which he laid down in his acceptance speech, according to announcements tonight from his campaign office.

Hoover proposes to amplify his program in a speech he is to make Tuesday night at 7 p. m. Central time in a tent at his birth place, West Branch, Iowa. He plans to go next day to Cedar Rapids to have lunch with 50 editors of farm journals from various parts of the middle west. He does not intend to make a speech to them but he wants to spend the afternoon with them discussing details of his plan.

Wednesday he has arranged to attend a picnic of Iowa farmers at Cedar Rapids, where he may make a few remarks. He will board his special train that afternoon and resume the journey back to Washington.

INITIATION HELD

Several new candidates were initiated last night by Richmond unit, United Veterans of the Republic, in Memorial hall. Plans were outlined at a short business meeting presided over by Commander C. W. Both.

BEAUTY
By LAURA LANE
Many readers have asked my opinion on the value of reducing creams and medicines. I regard such preparations as worse than useless and sometimes dangerous.
Many women have lived to regret their trusting these "easy" methods of getting thin. Reducing is a long and often arduous process and, unless a woman has determination enough to see it through to the bitter end, she might as well not waste her time by starting.
Not long ago you wrote that plucking one's eyebrows was the simplest and best way of shaping them. How come? I felt as if I were pulling a tooth every time the torture they didn't look very well.
"FRAN,"
The tough work trying to be beautiful, isn't it, Fran? Don't be discouraged to easily and you may find plucking your eyebrows a simple enough process once you have made of it.
He sure and soften up the eyebrows with cold cream before using your tweezers and hair after it with witch hazel. Pluck them together in the shape you want and then follow that line in plucking them.
Remember that thorough cleansing is the first requisite in beauty culture. Skin, hair, nails cannot be well groomed if they are not immaculately clean. Choose your cleansing soaps and creams with great care.
If you have sallow or discolored skin, keep a bottle of strained lemon juice on your bathroom shelf to use for bleaching. Ladies with freckles take note!
A NEW DISEASE
Teacher—Now, Johnny, can you tell me what wisdom is?
Small Johnny—Yes, ma'am, it's information of the brain.
Judge—If I grant you this decree will you marry right away?
Applicant (blushing)—Oh, judge, this is so sudden.

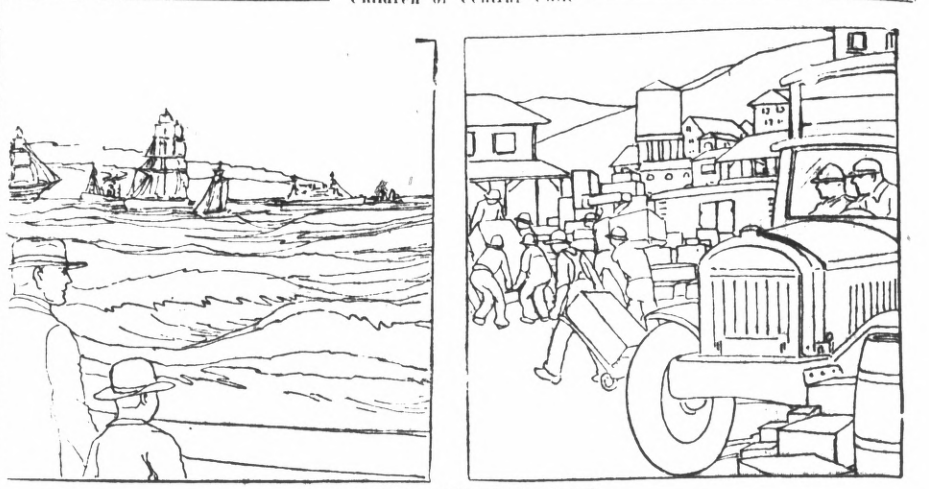

How To Earn Money!

We live in three rooms facing the street and yard. There is a summer house which could be moved forward to the building line and partitioned in two. I would use one side for candy, cigarettes, etc., and the other for a circulating library. Do you think this is practical? —J. S.
I think this is a splendid idea, and that you have unusual advantages for making a success of your plan. You ought to find it very profitable during the summer months. You will need a license.

What Do You Know?

The newest bathing cap is a rubberized triangle scarf in gay colors. It drapes softly over the head, the ends forming a saucy loop over the left ear. Both decorative and practical.
So large that it might almost be called a shawl is the new flowered chiffon scarf for evening. It is featured in delightful pastel tones and novel combination effect.

Visiting The World Children
A STORY BOOK TOUR
BY RUTH THOMPSON (Aunt Betty of KGO)

Elena and Eduard stood next to the great wall that kept the sea from swallowing Valparaiso. They saw many launches carrying heavy loads. Ships from many ports were about one mile out at sea. The launches puffed busily between the ships and the stone wharves. Years ago the people had torn down some hills and built this narrow strip so ships could trade their goods.
Father talked business with some men. Elena and Eduard watched. They saw loads taken to the ships. These loads were hides, wool, ore, nitrates, fruits, leather. These things were to go to Europe and the United States. They would go through the Panama canal. And these were the things from other lands Elena and Eduard saw unloaded—manufactured things: shoes, cotton and woolen goods, farm tools, machinery, tractors, automobiles.

UNHAPPY MEXICO

Mexico is certainly an unhappy land. With a new president chosen and relations with the United States apparently on an amicable footing for the first time in years, the whole world is suddenly shocked by the news that Obregon, the president-elect of Mexico, was shot down as he sat at a banquet given him by his political supporters at a little town near Mexico City.

What the final outcome of this murder will be cannot, of course, be stated at this time. The government of Mexico immediately placed a complete censorship on news into effect and at any rate, it will doubtless be some little time before the final reactions to this crime can be measured.

In the meantime it can only be said that the assassination of Obregon again calls to mind the instability of political affairs in Mexico and some of the South and central American countries when compared to the government status in the United States.

Just how to account for this is not altogether easy. It is not entirely a matter of governmental machinery because the constitutions of most of the governments of the nations to the south of us are based on the constitution of the United States of America. But where our constitution has given us a stable representative government, the same sort of machinery in other cases has given a multiplicity of revolutions and a succession of dictatorships.

Perhaps the difference in the temperament of the people has something to do with it. The pioneers of the United States came principally from the countries of northern Europe where the idea of representative government seems to have germinated and at the same time, the stock has remained predominantly the same.

At any rate, it is generally to be hoped that the killing of Obregon will not be the signal for another bloody Mexican revolution.

New Yorkers say that hiking around the big city after midnight is just as good exercise as hiking in the White Mountains. Maybe so, but it's our opinion that it would be much easier to get run down or held up.

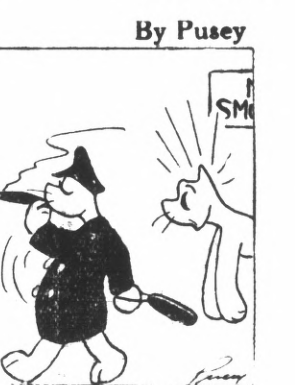

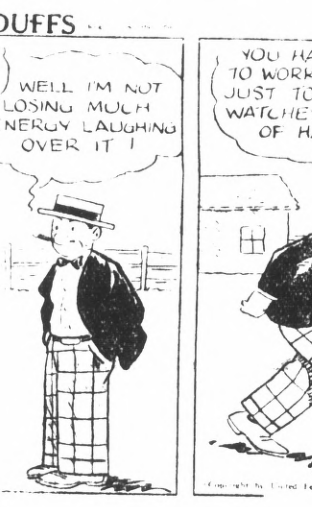

Adam and Eve in the Garden of Eden we're under one serious handicap. They couldn't complain of how much better things used to be in the good old days when they were youngsters.

A chain restaurant in New York has reduced the price of toast from three slices for a dime to two slices for a nickel. We want our free trade friends to note that this was accomplished without lowering of the protective tariff.

COPPER STILLS DEFENDANTS IN COURT ACTION

MARTINEZ, Calif., August 15.—"The People vs. Two Copper Stills."

Judge H. V. Alvarado, during his career as a prosecuting attorney and Superior Court jurist has had many strange and more or less perplexing cases presented to him but when his court clerk called today's case at bar, he took a second look—just to make sure that his eyes and ears did not deceive him.

The defendant in the case was "two copper stills" seized by Sheriff's deputies and prohibition authorities on Nether Island several months ago when they raided the largest alcohol plant ever discovered in northern California. District Attorney A. B. Tinning is seeking to have the valuable copper stills declared confiscated and sold. On the other hand the Davis Iron Works of Oakland, alleging that oil burners and other attachments were being operated under sale contract, insist that it should not lose its property which, without knowledge of the seller, was used for an illegal purpose.

While the Wright act incorporates the Volstead act in enforcement provisions, Tinning contradicts the contention of J. E. Rodgers, F. A. Bray and John McKean, counsel for the defendant stills, that the Federal court interpretations which preclude confiscation and sale without a search warrant having been issued should prevail.

Inasmuch as a similar state of facts has never before been presented to a court for adjudication there is no legal authority to be quoted by either side which further gives the Court cause for perplexity.

Last Indian Rodeo Staged By Aged Chief

FALLS CITY, Neb., Aug. 15.—An 80-year old Indian chief, certain has seen his last rodeo swing into progress with hundreds of Indians from eight tribes participating.

For nearly a score of years Chief White Cloud has conducted his annual "educational rodeo." He has taken pride in the claim that "his show," is the only one truly characterizing the Indians of America before the advent of white settlers.

But the old chief brought together his rodeo equipment for the last time this year. He does not know how long ago he passed the 80 mark, but he is satisfied he will not continue his enterprise another season.

Stimulated by White Cloud's announcement that he is through with the rodeo business, the affair this year was one of the old Indian's greatest. From Iowa, Kansas and Nebraska members of the various tribes assembled to take part in the last "true rodeo."

Hundreds of Indian warriors with their squaws and their papooses assembled to don their war paint, lose every possible vestige of civilization and take a whole-hearted part in the celebration of Chief White Cloud's retirement.

Pittsburg Tax Rate Reduced

PITTSBURG, Aug. 15.—A reduction of five cents in the tax rate was ordered here last night by the city council, City Manager R. A. Watkins announced today. The rate for the fiscal year 1928-29 will be \$1.50 a hundred. Two years ago the rate was \$1.70 and last year a reduction of fifteen cents was made.

The present reduction in the tax rate was made possible by the accumulation of funds towards the bond retirement account of the city, making it unnecessary to provide for this expenditure in the ensuing year, and also by the increase in taxable property.

The budget introduced by Watkins was adopted in toto. The budget calls for the expenditure of \$65,585 for the 21 departments of the city government, \$11,000 in excess of the budget requirements in the fiscal year 1927-1928.

RISKO LOSES TO ROBERTI BY FOUL IN SIXTH

EBBETS FIELD, Brooklyn, Aug. 15.—(U.P.)—Roberto Roberti, strong man from Italy, advanced a step along the trail which leads toward the heavyweight title when he defeated Johnny Risko, the Cleveland baker boy, by a foul in the sixth round of a scheduled 10 round fight here tonight.

Risko, rated as one of the strongest contenders for the crown vacated by Tunney, was leading by a wide margin over his heavier and more awkward opponent. He had won three of the first five rounds on points, and another, the third, was even.

Then in the sixth round, when the spectators had settled back for a long fight with Risko almost certain to win on points, Risko landed a low blow.

Roberto dropped to the canvas, writhing in pain and the referee decided that Risko should lose. The low blow was a left hook, apparently poorly aimed.

PABLANS HOLD LEAD OF HALF IN LOOP

With a half a game separating the league leading San Pablans from the Bay Point club, the two teams will tangle Sunday in a contest which may decide the eventual winner of the Maxwell league.

The Pablans have a record of 8 wins and 1 defeat, while Bay Point follows closely behind with the same number of victories and two reverses. The Richmond Sunnies are third, with 6 wins and 4 defeats.

Following the Bay Point game, the leaders will meet the Italians, Decimo and Pon Honor teams. It is understood that a postponed game with the Sunnies will be cancelled in order to allow the Pablans to meet stronger competition in independent games.

According to Manager Ted Crist of the San Pablo club, negotiations are underway for competition with some of the State league teams.

League standings are as follows:

Team	W	L	Pct.
San Pablo	8	1	.888
Bay Point	8	2	.800
Sunnies	6	4	.600
Tenth Street Market	5	5	.500
Iberico	5	5	.500
Italian Club	5	5	.500
Pon Honor	1	7	.125
Decimo Club	0	10	.000

INFILDER SIGNED

The San Pablo ball club has signed Pete Daley, former infielder for the Richmond Sunnies, according to announcement by Ted Crist, manager of the Pablans.

HURLER PLAYS FIRST BASE AS HIS ARM FAILS

By HARRY FERGUSON

Ossie Orwoll, formerly of Milwaukee and now a bright star in the constellation of the Philadelphia Athletics, is about finished as a pitcher.

Not that Orwoll's arm has lost any of its strength or cunning. He still zips the ball across with the old speed. But Connie Mack has decided Orwoll is too valuable a man to work only once in four days, which would about be his average if he remained a pitcher. Thus it is that when you scan the Athletics' box scores you find Orwoll down as a first baseman.

Ever since he joined Philadelphia, Ossie has been telling the boys he was going to play first base. They laughed at him and ran over the list of potential first sacker that Mack listed among his hired hands. First, there was J. Hauser, a good hitter and a polished fielder; Jimmy Dykes, who played first a large part of the time last year; Tris Speaker, who has taken his turn at the post; Jimmy Foxx, the all-around star, and Bing Miller, who can shift from the outfield to first base.

Orwoll laughed back at them and bided his time. Then came the day when Hauser's knee went back on him again and Mack ordered Ossie to play first base in a double header against the Chicago White Sox. He did and the fans are still talking about it. There seems little chance for any one to dislodge him from the position now.

The chief thing that keeps Orwoll from being a great pitcher is his love for the game. The husky Scandinavian likes to play baseball so well that the idea of sitting on the bench and waiting his turn on the mound depresses him. Hits mean more to him than strikeouts.

When he was playing for Milwaukee, he offered to work in the outfield and pitch, too.

Orwoll was a star in both positions. Blessed with one of the sharpest batting eyes in baseball, Ossie is a line-drive hitter. When he connects with the ball, it travels head-high and as fast as a bullet. Seldom does he get off one of those looping hits that outfielders love to camp under.

Orwoll rivals Foxx as the handy man of Connie Mack's team. Foxx, who started out as a catcher, has played almost every place there is to play. First base, third base and outfield all look alike to this brilliant youngster, who threatens to become the Babe Ruth of the next generation.

When Foxx reported to Mack, the manager of the Athletics had Mickey Cochrane and Perkins, two of the sweetest catchers who ever pulled on a mask, there was little chance for a rookie like Foxx to break into the line-up unless either Cochrane or Perkins were laid up with injuries. They seldom were.

One day Mack was watching batting practice when he noticed that Foxx was taking a clean cut at the ball, driving it far into the outfield.

"That boy is a natural hitter," Mack said.

Immediately the crafty manager began scheming how to get Foxx in the line-up and give the Athletics the benefit of the youngster's potent bat. He tried Foxx at first and the catcher made good there. Then Mack sent him into the outfield and again Foxx started. Came the time when the manager

Big Ovation Awaits Bear Rowing Crew

BERKELEY, Aug. 15.—Concerted plans for a great ovation to the University of California crew champions of the world, will be made in the near future when a joint meeting of representatives from crew reception committees of San Francisco, Oakland and Berkeley will meet here on the campus with a student committee appointed by Chester Zinn, president of the Associated Students of the University of California.

Pride in the achievement of the Golden Bears in winning ten races this year from the best crews of the world has led to the appointment of reception committees by the cities around the bay to welcome the oarsmen upon their return in September, and to avoid complication of plans Zinn will ask that all groups planning to honor the crew send representatives to the session.

Never before in the history of the university has any athletic team fired the enthusiasm of the public as has the California crew, and judging from the avalanche of letters and telegrams of congratulation and the plans of civic organizations in all the bay cities, the reception to be accorded Coach Ky Ebright and his men upon their return will be the greatest demonstration the state has ever given any group of athletes.

decided to experiment some more with the youngster.

Third base was Foxx's next stop. And he made good.

WORK ON BIG GAME TICKETS IS STARTED

BERKELEY, Aug. 15.—To most people that is just another day and date, but to J. F. MacKenzie, athletic manager at the University of California, and his whole corps of assistants it is the beginning of the football season.

For on Tuesday the avalanche of returns for the 26,000 ticket applications for the next Stanford California big game mailed out to University of California stadium subscribers and alumni is scheduled to begin.

With the assistance of the post-office authorities, MacKenzie worked out a staggered system of mailing out of the applications from Berkeley so that regardless of where he lived in the United States, if each alumni were to apply by return mail, all applications would be received on the same day—August 21.

Mailing of applications began Sunday, August 12, to those who live the greatest distance from Berkeley, while applications for those who reside in the immediate bay cities will not be posted until Monday, August 20.

Here is MacKenzie's complete mailing schedule:

August 12.—To foreign countries and all states except California, Oregon, Washington, Idaho, Montana, Wyoming, Nevada, Colorado, Utah, Arizona and New Mexico.

August 15.—To all of the above states except California.

August 18.—To all points in California except in Alameda, Contra Costa and San Francisco counties.

August 20.—To the counties of Alameda, Contra Costa and San Francisco.

Applications to stadium subscribers are also being mailed out, but as these seats are guaranteed if applied for before the deadline—5 p. m. on October 15—the date of application does not affect the location or chances of getting the seat.

Of the 80,000 seats in the California Memorial stadium, where the B. G. Game will be played this year, 52,000 are allocated to California. MacKenzie refuses to predict whether or not this number will be sufficient to meet all alumni applications.

Richard Kellher, 10, of 1102 Chandler Avenue, landed one of the biggest bass ever caught in this section yesterday when he pulled in a striped bass weighing 17 1/2 pounds.

Richard was fishing with his father near the Richmond-San Rafael ferry slip when a terrific "bubblin'" started a half hour fight to land the fish.

The fish is now in ice and is being displayed in the windows of the R. B. Dougall Hardware store.

Richard has taken the lead in a prize offered by the store for the largest bass caught this season.

DUFFY SIGNED BY ROSSI FOR CERRITO CARD

Jimmy Duffy, Oakland flash, and once a strong contender for the lightweight championship, has been signed by Promotor Joe Rossi to top a card at El Cerrito on August 24. It was learned yesterday.

Duffy will probably face Babe Anderson, San Jose welterweight. Duffy's best days are behind him but he still carries enough guns to keep on a par with the best on the coast. He has been inactive most of the year.

Anderson is the type of fighter that will give Duffy a good battle. The San Jose boy first donned the mitts two years ago and ran up a string of 35 straight victories before losing his first decision. Since then he has been training with Young Corbett of Fresno. Anderson is a former school mate of Eddie Dampler.

An exceptionally good preliminary card has been lined up by Rossi.

Lions Lose To Products, 7-2

gambling paraphernalia and open business seven miles off the California coast line. Last week end 10,000 persons passed over its gangplank and \$125,000 passed over the boat's green felt tables of the main deck forward. In one week end more than twice the sum spent for the gambling palace was taken in. The publicity given to this enterprise which laughs at the law has drawn thousands with money to throw away. There is plenty to drink on board. There is more money in this than there is in the night club racket. The fools who board the ship get all the thrills their constitutions can stand. And they are broke when they leave.

TWENTY-ONE THOUSAND DEFENDANTS in a bankruptcy case in Poland are conveyed to their trial in twelve special trains. They are members of the Naza, a cooperative society of Cracow which failed. Each was held responsible for the debts of the society by the creditors. Poland has no Yankee Stadium or Yale Bowl. The authorities did the best they could under the circumstances. An immense wooden stand was erected for the judges, attorneys and witnesses. The 21,000 defendants were seated on forty rows of wooden benches, each row 200 yards long. Megaphones and amplifiers were installed to afford audibility to the testimony and speeches. From a standpoint of sheer num-

bers, this is the greatest trial of all time. Think of what Tex Rickard could have done with a guaranteed attendance of more than 21,000!

Alochis Rites Set For Friday

Funeral services will be held from St. Mark's church at 9:30 o'clock tomorrow morning for Mrs. Dominica Alochis, 57, of 120 Bissell avenue who passed away at the Mt. Zion hospital in San Francisco Tuesday following an operation. Interment will be in St. Joseph's cemetery under the direction of the Bert Curry parlors.

Mrs. Alochis was a native of Italy and a resident of Richmond the last 25 years. She is survived by her husband, Frank Alochis, and three sons, Bernard, Joseph and John Alochis.

OFFICERS ARE NOMINATED AT LEGION MEET

STOCKTON, Aug. 15. (U.P.)—Election of three delegates to the annual convention in San Antonio and nomination of state officers, featured a lengthy session of the American Legion's state convention here.

James Dolbahr, Stockton, with 1,050 votes was elected chairman of the national convention committee. Other members were Robert McCarty, Pasadena, who received 765 votes, and Pat Thammun, who was named by 550 ballots.

Frank Schoffstall, Maywood, Harry Coleman, Susanville, John Miller, Culver City and D. W. Peterson, Oakland.

The nominations for state commander were Fred Redgeall, San Francisco; Tom Quinn, Eureka; Frank Belgrano, Santa Barbara; William Breile, San Francisco; and Bert Gearheart, Fresno.

Phil Dodson, Pasadena, present state commander and Alton Bixby, Pasadena, were nominated for national committee.

Assessments Are Protested

Formal protest against assessments on property in the Mira Vista section were made by M. A. Hays and E. B. Bull, representing the M. A. Hays real estate company, before the members of the El Cerrito city council sitting as a board of equalization to consider the 1928-1929 tax rolls.

The company holds that present assessments are 100 per cent higher than of last year. City Clerk Mrs. Alice Morris stated that taxes of last year were unusually low. The matter was taken under advisement by the board together with several smaller protests.

County Lodges At Meet Here

District Deputy Grand Chancellor C. K. "Long of Martinez presided over the district county convention of Knights of Pythias last night in Brotherhood hall. All lodges of the county and several from Oakland were represented.

The speaker of the evening was Grand Vice-Chancellor Lee D. Matthews of Los Angeles who spoke on "Pythianism and Cooperation and the Upbuilding of Pythian Lodges." The next district convention will be held in Martinez September 18. A banquet was served by a committee consisting of George M. Deathe, R. H. Miller, A. W. Parker and C. C. Cosby.

Next Wednesday night the silver anniversary of the local lodge will be celebrated. There will be a turkey dinner served at 7 o'clock after which there will be a short business meeting followed by a program of entertainment and dancing. E. S. Geigold, chancellor commander, heads the committee in charge of the evening and the dinner will be served by a committee consisting of members of both Richmond and Contra Costa temples of Pythian Sisters. All reservations for the dinner are requested to be in the hands of Fred Blackhart by Saturday night. Reservations can be made by phoning him at Richmond 750.

Pythian Sisters Name Committee For Banquet

A committee to assist members of Contra Costa temple in preparing the banquet for the silver anniversary of Richmond lodge, Knights of Pythias, next Wednesday night, was appointed by Richmond lodge No. 86 last night in Brotherhood hall. Those appointed were Mrs. Zillah Wright, Mrs. Rose Parker, Mrs. Louise Spiney, and Mrs. May McManis.

Mrs. Jennie Thayer will be hostess at a whist party in her home in Cornell street, Albany, on August 25, for the sewing club of the lodge. All Pythian Sisters are invited to attend. There will be prizes and refreshments.

Holders Of High Score At Whist Party Announced

Those who held high scores in the benefit whist party given by the Past Grand association in Odd Fellows temple Tuesday afternoon were: Mesdames Ethel Cameron, F. Hafner, J. McGrath, M. Campbell, C. Bigley, P. Flegen, W. Randall. The quilt made and donated by Mrs. Carrie Bigley was awarded to Mrs. H. Beck. Mrs. Bigley, Mrs. Hazel Rodas and Mrs. Orva Beam were the committee in charge of Tuesday's whist.

Next Tuesday, August 28, the third of the whist series will be held in charge of Mrs. Viola Stelmeyer, Mrs. Amy Pearson and Mrs. Katherine Gasser.

The Legionnaire is bound for Tampa from Port Arthur with a cargo of oil.

HAVANA, Aug. 15. (U.P.)—The Pan-American Airways announced tonight that they had received a message from a steamship believed to be the Lakeview stating the mail plane which left Havana late today for Key West and which had been missing had been picked up at sea near Tampa harbor.

The pilot, according to the message received here, lost his way in the storm while flying over the ocean near the coast. The pilot, a passenger and the mail which the plane carried were all saved, the message said.

Scout Committee In Meeting Here

At a Richmond district Boy Scout committee meeting held last night in the Elk's club, J. Bell, chairman of the Alvarado camp committee stated that the camp is rapidly being completed so that troops may use it this coming fall.

Organization committee members announced that troop "1" will be reorganized within the month.

Members of the district committee will go to Martinez on August 22 to attend the County Council meeting, when further camp problems will be discussed. It will then be decided whether or not Contra Costa county shall maintain the present Sierra camp next summer.

Court of Honor will be held Friday night in Lincoln auditorium. All boys having passed their tests in camp will be reviewed at that time.

The present Richmond district committee consists of: Howard M. Flint, chairman, C. D. Burns, W. T. Cooper, M. F. Beebe, John O'Connell, J. A. Bell, Frank Smith, C. C. Pummel, Louis Angeli, Dr. L. A. Hewitt, field scout executive, J. R. Warne and R. F. Cox, scout executive.

SCAVENGERS

RICHMOND SCAVENGER CO.—All sorts of refuse removed on short notice. Call up phone 958 any time in afternoon.

Hiding in the rear seat of the automobile of Otto Rousseau, 1034 Shattuck avenue, Albany, proprietor of a billiard parlor in El Cerrito, Albert Cosgrove, 17, believed to be from Alameda, slugged Rousseau, it is alleged, over the head with an iron pipe in an attempt to rob him.

The alleged assault took place near the city limits of Albany. Rousseau was driving home alone. When he reached a dark place in the road the youth arose and hit him over the head with the pipe. The man, lost control of his machine and collided with a telephone pole. He was stunned but struggled with his assailant.

A passing motorist came to his aid. Together they subdued the youth and bound him and took him to the El Cerrito city jail. There the youth told officers, it is reported, that he wanted to obtain money with which to open a hot dog stand.

Later the boy was removed to the Albany city jail and from there to the Oakland Detention home. No charges as yet have been filed against him but Rousseau may file a complaint of assault with a deadly weapon with intent to commit murder or assault with a deadly weapon. The boy said that he was a former resident of Richmond Annex and that he had a mother living in Alameda.

Rousseau suffered a long gash on his forehead. He is a prominent Lion of Albany.

LONGFELLOW P. T. A. WILL MEET TODAY

SEWING CLUB WILL ENJOY LUNCHEON

Members of Zephyr sewing club will enjoy a luncheon and business meeting in the Rebekah clubrooms this afternoon. Important plans are to be formulated for fall and winter activities.

From Five Hundred to Five Thousand Dollars!

Such is only part of the story of increased values that is being written in the development now taking place on the Richmond waterfront.

There is nothing physically spectacular about the dredging and filling operation which you see in progress along the Richmond water front.

And yet literally and figuratively these operations are maturing a crop of dollars for Richmond property owners, Richmond business men and Richmond residents.

Industrial property that is today worth from \$500 to \$600 per acre will tomorrow, upon the completion of the harbor improvements, leap in value to \$5000 and \$6000 per acre.

Richmond's harbor is one of Richmond's greatest assets—remember this—the busy dredgers are literally coining the new prosperity that the citizens of Richmond are to enjoy in the immediate future.

STROPPING IS ESSENTIAL TO THE PERFECT

SHAVE

the new Million Dollar Razor

is a nation-wide SENSATION

Absolutely proves that stropping is essential to a perfect shave

THE new Valet AutoStrop Razor was introduced last May. It created a sensation. Small wonder, since it proved a vital fundamental of successful shaving.

Its automatic self-stropping feature demonstrated that all barbers are right—have been for 2,000 years. Because they always strop their razors before they start a shave.

The reason for this is that after the first shave the cutting edge of the finest blade that can be made is a row of minute needle points until it is properly stropped. This smooths out and re-aligns these tiny jagged hooks.

Everywhere wise men are turning to the new Valet AutoStrop Razor because it is the only razor that sharpens itself and assures you of a super-keen smooth shaving blade.

Beautifully finished models complete with blades and an improved strop in handsome cases at \$1.00 to \$2.50.

What's more, 21 years of research and a million dollars have been spent in improving the new Valet AutoStrop Razor.

Not only the razor itself but the blades have been materially bettered. A new type guard enables you to use the full shaving edge of these keener blades. You insert or remove them instantly by pressing a button. Blades are locked in a firm, non-flexible grip that eliminates vibration and pull. No need to remove the blade to strop and clean it.

Try the new Valet AutoStrop Razor. Give it a fair test. You'll soon be fast friends with it.

You'll enjoy the most perfect and fastest shaves you ever knew. And you'll hold up your hand and say "Never Again!" to the use of an unstropped blade.
